SUMMARY OF AMENDMENT (014973): Deletes all language after the enacting clause. Increases, from seven months to eleven months prior to the date a dental hygienist provides dental hygiene services not limited to direct supervision, that a supervising dentist must have examined the patient. Authorizes licensed dental hygienists, if certain requirements as outlined in this bill are met, to engage in the provision of preventive dental care in nursing homes, skilled care facilities, nonprofit clinics, and public health programs, under the general supervision of a dentist through a written protocol. Prohibits dentists from entering into a written protocol with more than three dental hygienists at one time, and vice versa. Requires all written protocols to be submitted to the Board of Dentistry and limits the validity of such protocols to two years.
